

Indiana State University Chapter of the
American Chemical Society Student Affiliates

Minutes of Meeting #7

January 31, 2008

Time: 5:30 p.m.

Place: Science 018

Officers: R. Chase (President), A. Melberg (Vice-President), M. Schulte (Secretary), R. Galloway (Treasurer), M. Updike (Social Coordinator), L. Rosenhein (Faculty Advisor)

Total Members in attendance: **10**

1. *Kids & Chemistry*

Thanks to the participants in January's Kids & Chemistry! The Five Colors from One Solution demonstration went great. The next event will be February 16; see an officer to sign up or suggest an experiment. We have already had a few people show interest in one of the future events – thanks for your time and effort!

2. *Devaney Elementary Science Fair Outreach/Cub Scouts Outreach*

We have 2 important community service activities coming up. The Devaney Elementary Science Fair will be Thursday, February 21 in the evening. The Cub Scouts activity will be Monday, February 25, starting at 6:00 p.m. We will be having meetings to plan for these two activities on Tuesday, February 12. The Devaney meeting will be first, at 5:00 p.m.; the Cub Scouts meeting will be at 6:00 p.m. Both will take place in the ACS office. Please consider helping at one of these activities since they are great opportunities for us to get our name out in the community and promote chemistry to local students!

3. *Relay for Life*

We have decided to pair up with the ISU Pre-Med Association for the Relay for Life. They could only get a few members for their team, so the presidents of the two groups figured that we could do more united than separate. Beth Neeley and Kelli Spoonmore are serving as co-captains for this event; contact one of them to sign up for the team (eneeley@indstate.edu or kspoonmore@indstate.edu). Be thinking of good ideas for raising money,

besides asking for donations from family and friends (which we will be doing as well).

4. *Meeting Days*

Many of our members are having to miss all of the meetings this semester due to the MCAT review class being on the same days at the same time. We are *considering* changing the day and/or time for meetings, but only if we can find another day/time that works for more people. We discussed this at the meeting and it looks like they won't be changed unless more people give suggestions for better days/times. Don't forget, you can still be involved even if you can't come to the meetings!!!
