

SURE 2014 Program Faculty Research Advisors

Faculty members in the College of Arts and Sciences at Indiana State University and the Indiana University Medical Center-Terre Haute are offering full-time and half-time fellowships to pursue research during the summer of 2014 in the natural and social sciences.

If you are an Indiana State University undergraduate (freshman, sophomore, or junior) who is interested in applying for a fellowship to work with interested faculty, please contact the appropriate faculty member for further details regarding joining their research group for this coming summer. Details regarding their research can be found on each faculty member's website.
